original kart trophy.*

***Do Not Forget Your
Hog Roast Tickets***

£5.00 from race control.

Programme

Historic Karting Events

Friday 17th June On track demonstration 13.00-13.45 approx
17.00-17.45 approx

Saturday 18th June On track demonstration 13.15-14.00 approx
17.00-17.45 approx
Hog Roast/ Music 19.00-23.00

*£5 per session, experienced drivers only, min age year of 16th birthday
Hog roast tickets £5.00 from race control
Saturday evening music provided by Paul Canning.*

Sunday 18th June Marquee photograph 13.00
On track demonstration 13.45-14.30 approx
Buffet Lunch from 12.00 noon
Awards 3.00 pm

Time permitting there will be 8 x 5 minute sessions (4 classes) per demonstration
Each class gets two runs, allowing a driver change if desired. Max 18 on track

Times & laps subject to change

Some History

Shenington KRC was originally known as Banbury kart club and started in 1959. It held its first race in February 1960 and its first international race in September 1960. Some people who attended those events are here today. The club amalgamated with Solihull during the sixties to become *Solihull and Shenington* before simply becoming Shenington or "*Shenny*" in the '70s. Physical changes also occurred. The track has altered many times, the last in 1990 with the addition of *Wilkins* corner, straw bales are long gone, the bank separating the club from the airfield has been built along with a club house, scrutineering buildings and proper toilets.

Historic karts appeared at Shenny's fortieth anniversary in 2000. Over the next five years interest grew and The British Historic Kart Club was formed in 2005, to cope with owners' needs. The BHKC now has over 350 members and provides a wide range of events both here in the UK and in Europe along with a spares service and plenty of technical advice.

Welcome

The Shenington Revival moves into another decade and it still provides a unique meeting for karting enthusiasts. The fabulous atmosphere and nostalgia created by the venue, the karts, karters and memorabilia ensures that each year is enjoyable. This year will not disappoint.

Again there are many new karts and karters to Shenington so there is plenty to see and talk about. The karts include a French Vacquand/BM F100JB and some seriously good looking class two karts.

Besides karts, people have always been a part of Shenington and many friendships are renewed at this meeting as it is an event that anyone who has been involved in karting tries to attend.

As usual we are pleased to welcome our special guests, these include Jack Barlow's daughters Rosemary, Carol, Wendy. They are attending on Sunday and in Jack's memory, they will present the concours trophy for the best Barlotti – one that is always eagerly contested.

Please feel at ease to walk round, and enjoy yourselves.

Finally I would like to thank all the helpers and marshals from both clubs who put many hours into making it all happen, especially to Satoko Bagnell and Agnes Rickman who have stepped in to ensure we have our cream teas!

The standard and number of karts continue to rise and this year we have an extra trophy to cater for these growing needs. Donated by Anthony Morey and Chris Merlin it is called the Dale trophy, one that they originally won at the 1966 Shenington 6hr so they have asked that it is awarded to the best British powered gearbox kart.

Tony Wilkins - President

Class One Owners and Karts Attending:

Driver	Kart/Engine	Number	Year
Andy Young	Barlotti/Komet K77	57	1972
Gerry Philpotts	Zip 981/Parilla TT27	28	1981

BHKC Officials

Co-ordinator	Tony Wilkins
Assistants	Peter Brinkworth, Brian Malin, Ed Powell, Bob Phair, Robbie Ashton
Marquee and Admin Manager	Lynda Malin

Rules and Regulations

All drivers must attend a drivers briefing each day.

All karts must be scrutineered and have the scrutineer's sticker attached. A kart may be re-scrutineered at any time over the weekend. Karts must also be scrutineered by Sherington's official scrutineer (MSA rules).

All drivers must sign on each day at race control, pay the relevant fee direct to Shenington KRC and if driving under the BHKC banner show a valid BHKC club card. On the dummy grid drivers must show a fitted wrist band to the grid marshal before being allowed on to the track.

Drivers must wear suitable clothing and a modern helmet. These will be inspected at scrutineering. For Sat pm/Sun only MSA approved racewear

On the track, drivers must drive with care and consideration to other drivers and all marshals and flag signals. If the clerk-of-the-course deems your driving to be of concern you will be black flagged.

Noise levels will be monitored and if found excessive you will be black flagged. You will be required to reduce the noise levels of your kart before you are allowed out on the track again. Last year most karts met the limits, but short stubby silencers with nothing else will not.

Owners allowing guests to drive their karts must ensure that the guest is competent, has race experience, and fully conversant with your kart and track details e.g. knowledge of flags. Have fun but be safe!

Some Future Events for 2011
