Tel: 02380 – 884088 Fax: 02380 – 884086 email: sales@atolfuel.co.uk

## **INFORMATION FOR COMPETITORS**

Please note that competitors, teams and individuals should seek guidance on the correct handling, lifting and storage of the Atol supplied 25ltr drums.

Atol request that fuel collected from the distribution vehicle should be done so with the aid of a trolley or similar, fit for the purpose to transport fuel in 25ltr drums and that all drums are collected by a person of the minimum age, this being 16yrs.

Atol take no responsibility of injury caused to teams, competitors or individuals who do not adhere to the correct guidelines available from the HSE on lifting and transporting the drums. We ask all concerned to make themselves fully aware of the correct guidelines for safe manual handling of the Atol supplied drum, when collecting from the distribution vehicle.

Please note that no drums will be issued without the competitor, team or individual presenting a suitable means of transport for the drums.

All competitors, teams and individuals should also seek advice from their local authority on the rules and regulations of the storage of fuel at either work or private dwellings. They should also make themselves aware on the transportation of fuel in vehicles.

Should any competitors, teams or individuals require containers of 10ltr size for transport and storage of fuel, Atol can supply a can of similar construction to a jerry can for the cost of £10.00p inc vat. Provision for the purchase of cans is on the control fuel order forms and Atol will accept the return of used, empty air tight 25ltr drums for safe disposal.

Please enjoy your racing.
